

GOVERNMENT OF ODISHA
DEPARTMENT OF WATER RESOURCES

ANNUAL REPORT OF
SAMBALPUR IRRIGATION DIVISION,
BURLA
FOR THE YEAR 2015-16

Executive Engineer,
Sambalpur Irrigation Division, Burla

STATUS OF SAMBALPUR IRRIGATION DIVISION, BURLA

Sambalpur Irrigation Division, Burla has been created in the year 1975-76. It looks after the operation, maintenance and distribution of canal water of left canal system namely Sason Canal System and Hirakud Distributary system, Sambalpur Distributary system (Covering Sambalpur District only). It offtakes from left side of Hirakud Reservoir. In the right side of Hirakud Reservoir this Division is in charge of Godbhaga Distributary system and Attabira Branch Canal System covering mostly Bargarh District and partly in Sambalpur District. This Division control & monitor the distribution system from Hirakud Power Channel namely Senhapali Distributary and Chiplima Distributary System covering Sambalpur District only. The total C.C.A. of this division under Hirakud Distribution system is 76296.79 Ha. covering 31517.07 Ha. in Sambalpur District and 44779.72 Ha. in Bargarh District. The ayacut area covers 5 Blocks / Tahasils in Sambalpur District and 3 Blocks / Tahasils in Bargarh District. There are 65 Pani Panchayats and 6 distributary committees in Sambalpur District and 95 Pani Panchayats and 7 distributarys committee in Bargarh District. Thus the total Pani Panchayat comes to 160 nos. under Hirakud Command Area.

In addition to this Gohira medium Irrigation Project under Deogarh district is also under the jurisdiction this Division. The total ayacut of Gohira Irrigation Project is 8165 Ha. covering Deogarh District. It command the ayacut through left and right Main Canal System. It covers to Tahasil namely Reamal and Deogarh. There are 19 Pani Panchayats and one project committee in Gohira Irrigation Project. Operation and maintenance including Critical works are being under taken out of maintenance and critical lump funds in every year.

Operation and maintenance of Gohira Medium Irrigation Project is met through maintenance and critical lump grant in every year. As the canal system of Gohira Medium Irrigation project were in deteriorated condition, system improvement has been taken up through Odisha Integrated Agriculture Water Management Investment Project (OIIAWMIP) through Asian Development Bank (ADB) with a

project cost of Rs.2904.92 lakhs. through nos of 8 packages out of which improvement of sub-minors have been under taken through respective Pani Panchayat as per A.D.B. norm. All the 8 packages have been completed.

This Division also looks after cess collection from different Industrial Units of Sambalpur, Jharsuguda and Deogarh District drawing ground water and surface water other than Hirakud Reservoir. The details of revenue collection in this regard furnished in annexure.

This Division consists of six sub-divisions. Out of 6 sub-divisions 4 subdivisions looks after Hirakud distribution system and two sub-divisions under Gohira Medium Irrigation Project and looks after works under OIIAWMIP & ADB.
