

**Annual Activities of Design Division, Salapada for the
Financial Year 2016-17 under AIBP.**

This Division is functioning under the control of Chief Construction Engineer, Anandapur Barrage Project, Salapada. The works relating to this Division are scrutinization of L.S & D.S of Main Canal, Distributaries, Minors & Sub Minors, Checking of various Data, Design Data & Hydraulic Particulars of different canals structure of Anandapur Barrage Division, Anandapur Canal Division, Bidydharpur Canal Division, Markona Canal Division, Soro Canal Division under Anandapur Barrage Project, Salapada and submitting same to the office of the Chief Engineer Design, Bhubaneswar for finalize of design & issue of drawing to the concerned above Divisions for execution of the work.

There are 97 Nos. different canal structures of Bidydharpur Canal Division, 58 Nos. of Markona Cana Division, 88 Nos. of Soro Canal Division and 54 Nos. of Anandapur Canal Division, and 73 Nos. of Anandapur Barrage Division i.e grand totaling 370 Nos. are proposed canal structure for execution under Anandapur Barrage Project, Salapada.

Bidydharpur Canal Division (From RD 0.00 km to 30.50 km of Salandi Left Main Canal)

Out of 97 Nos., Design Data for 81 Nos. of Different Canal Structure are checked by this Division and submitted to the Chief Engineer Design, Bhubaneswar through office of the Chief Construction Engineer, Anandapur Barrage Project, Salapada for according necessary approval and remaining data 34 Nos. are under scrutiny for design. The approve drawing for 63 Nos. for different canal structures are received from Chief Engineer Design and all the drawings are communicated to the Division for execution of work.

Markona Canal Division (From RD 30.547 km to 45.570 km of Salandi Left Main Canal)

Out of 58 Nos., Design Data for 41 Nos. of Different Canal Structure are checked by this Division and submitted to the Chief Engineer Design, Bhubaneswar through office of the Chief Construction Engineer, Anandapur Barrage Project, Salapada for according necessary approval and remaining data 26 Nos. are under scrutiny for design. The approve drawing for 32 Nos. for different canal structures are received from Chief Engineer Design and all the drawings are communicated to the Division for execution of work.

Soro Canal Division (From RD 45.570 km to 72.712 km of Salandi Left Main Canal)

Out of 88 Nos., Design Data for 36 Nos. of Different Canal Structure are checked by this Division and submitted to the Chief Engineer Design, Bhubaneswar through office of the Chief Construction Engineer, Anandapur Barrage Project, Salapada for according necessary approval . The Design Data for the rest 52 Nos. are to be submitted by Executive Engineer, Soro Canal Division to this office for scrutiny and further action .

Anandapur Canal Division (Baitarani Left Bank Canal From RD 24.08 km to 28.50 km & Baitarani Right Bank Canal From RD 0.00 km to 14.40 Km)

Out of 54 Nos., Design Data for 30 Nos. of Different Canal Structure are checked by this Division and submitted to the Chief Engineer Design, Bhubaneswar through office of the Chief Construction Engineer, Anandapur Barrage Project, Salapada for according necessary approval and remaining data 24 Nos. are under scrutiny for design. The approve drawing for 9 Nos. for different canal structures are received from Chief Engineer Design and all the drawings are communicated to the Division for execution of work.

Anandapur Barrage Division (Baitarani Left Bank Canal From RD 0.00 km to 24.08 km)

Out of 73 Nos., Design Data for 60 Nos. of Different Canal Structure are checked by this Division and submitted to the Chief Engineer Design, Bhubaneswar through office of the Chief Construction Engineer, Anandapur Barrage Project, Salapada for according necessary approval and remaining data 13 Nos. are under scrutiny for design. The approve drawing for 54 Nos. for different canal structures are received from Chief Engineer Design and all the drawings are communicated to the Division for execution of work.
