

ANNUAL ACTIVITY REPORT OF THE OFFICE OF THE DEPUTY DIRECTOR HYDROLOGY NORTH ZONE BALANGIR FOR THE YEAR 2015-16.

The Division comprises of three Sub- Divisions

- 1) Hydrometry Sub Division Balangir
- 2) Hydrometry Sub Division Deogarh
- 3) Hydrometry Sub Division Phulbani

TARGET FOR 2015-16

Physical operation, maintenance and data collection of nos. of Gauge and Discharged station under Hydrology North Zone Balangir.

ACHIEVEMENTS:-

During the year of 2015-16 this Division has achieved all targets of operation maintenance and data collection of all 23nos. Gauge and Discharged station under HP-I and 38 nos. of ARS, AWS and AWL station under HP-II in the following different river basins covering 13 nos. Districts.

Sl. No	River basins	HP-I					HP-II		
		G.D.	DWLR	GDS	GDSW	FCS	ARS	AWS	AWL
1	Mahanadi	18				3	18	9	3
2	Brahmani	5				1	2	2	2
3	Rushikulya						1	0	0

The rainfall run-off datas are being collected at sub division levels during this year and submitted to Data Processing Centre in the Division Office which are entered in computer and compiled and recorded and transmitted to state Data Processing Centre, Hydrometry Bhubaneswar.

Besides the above the site selection and feasibility report for installation of 121 nos. of AWS in National Hydrology Project in different basins under this Division were carried out and consolidated report submitted to the Director Hydrometry Bhubaneswar for approval

Also, repair works at existing office buildings at Balangir, Deogarh & Gauge site have been taken up and completed during 2015-16.

The physical and financial targets for the year 2015-16 have been achieved successfully.

STAFF POSITION OF HYDROMETRY SUB DIVISION PHULBANI

Sl. No	Name of Post	Sanctioned Strength	Present Strength	Name
1	Asst. Executive Engineer	1	1	Er. N.K. Mohanty
2	Work-charged	6	6	

BOTTLENECKS:-

One Executive Engineer, one Junior Clerk in Division Office , one JE on deputation, Four AE on deputation to O/o the Director Hydrometry Bhubaneswar.

There is acute shortage of staff, which is likely to dampen the progress of the works targeted under National Hydrology Project(123 stations) during the year 2016-17 and 2017-18. Besides, maintenance and data collection of existing 38 nos HP-II and 27 nos. HP-I stations is hampered due to lack of staffs.

Deputy Director
Hydrology North Division
Balangir
