SCHEDULE

ANNEXURE

The Orissa Irrigation (Amendment) Act, 1974

The Orissa Irrigation (Validation) Act, 1992

***The Orissa Irrigation Act, 1959**

An Act to consolidate and amend the laws relating to irrigation, assessment and levy of water rate and cess in force in different parts of the State of Orissa ¹[and to provide for the Regulation of use of water from Government source]

Whereas it is expedient to consolidate and amend the laws relating to irrigation, assessment and levy of water rate and cess in force in different parts of the State of Orissa; ¹[and to provide for the Regulation of use of water from Government source];

It is hereby enacted by the Legislative of the State of Orissa in the Tenth Year of the Republic of India as follows:

CHAPTER – I Preliminary

1. Short title and extent – (1) This Act may be called the Orissa Irrigation Act, 1959.

(2) It extends to the whole of the State of Orissa.

CASE LAWS – (i) Section 1 – Orissa Irrigation Rules, 1961 – Rules 13 and 20 – Application of the provisions and procedures to be followed, indicated – Publication of notice in Form ‘F’ in every village from which water-course is proposed to be taken is mandatory- Purpose explained : 1995 (I) OLR (NOC) 45 (Page 22) : 80 (1995) CLT 18.

(ii) Section 1 – It has been indicated in the scheme of the Orissa Irrigation Act that lands coming under the irrigable command would become liable to “ compulsory basic water rate” – It would be in the nature of a tax-Leviable if water is actually used for irrigation purpose or not-The scheme under Chapter IV provides procedures and provisions for supplying water on payment of money – Levy under Chapter VI – It is correlated to water actually supplied: 36 (1970) CLT 163.

2. Application – Section 1 shall come into force at once. The State Government may, by notification in the *Official Gazette*, apply** the rest of the provisions of this Act, or any portion thereof to any local area or to any irrigation work or class of irrigation works, and may also any irrigation work or class of irrigation works, and may also, by a like notification subsequently exclude any portion of such local area or any such irrigation work or class of irrigation works from the operation of this Act, from such date as may be specified therein.

For Statement of Objects and Reasons *see* Orissa Gazette Ext. No. 486/4-12-1957 and for Report of Select Committee *see ibid* No. 614/13-12-1958.

1. Added *vide* Orissa Gazette Ext. No. 133/2-2-1994-Notfn. No. 1769-Legis/2-2-1994-O.A. No. 3 of 1994.

** Sections 2 to 56 came into force with effect from 1st June, 1991 in the whole of the State of Orissa except the area where water rates and cesses are being levied under the provisions of the Bengal Irrigation Act, 1876 (Ben.Act III of 1876); and the Madras Irrigation Cess Act, 1865 (Mad.ActVII of 1865), *vide* Notfn. No.24431/24-5-1961, published *vide* Orissa Gazette Ext. No. 362/25-5-1961; No. 35904/30-5-1963; No.35096/30-5-1963; and No. 35098/30-5-1963 published *vide* Orissa Gazette Ext. No. 378/30-5-1963.

3. Repeal and savings – On the date of application of this Act or any portion thereof to any local area or to any irrigation work or class of irrigation works by a notification under Section 2, such of the Acts specified in the Schedule and the rules and orders made there under as were in force in the area to which they apply and all laws, rules or orders in force and applicable to the areas other than those mentioned in the Schedule and now forming part of the State of Orissa shall in respect of that area or areas or any irrigation work or class of irrigation works, stand repealed :

Provided that such repeal shall not affect –

- (a) the previous operation of the said Acts, rules and orders, or anything duly done or suffered thereunder ; or
- (b) any right, privilege, obligation or liability acquired, accrued or incurred under the said Acts, rules, laws or orders ; or
- (c) any penalty, forfeiture or punishment in respect of any, offence committed under the said Acts, rules, laws or orders ; or
- (d) any investigation, legal proceedings or remedy in respect of any such right, privilege, obligation, liability, forfeiture or punishment as aforesaid, and any such investigation, legal proceedings or any action for remedy may be continued, enforced or instituted with respect to any act previously done and any such penalty, forfeiture or punishment may be imposed as if this Act or any portion thereof had not come into force.

4. Definitions–In this Act, unless there is anything repugnant in the subject or context–

- (1) **Board of Revenue** – “Board of Revenue” means the Board of Revenue as constituted under the Orissa Board of Revenue Act, 1951 (Orissa Act 23 of 1951) as amended by the Orissa Board of Revenue (Amendment) Act, 1957 (Orissa Act 18 of 1957);

irrigation work payable to the State Government for supply of water, whether used or not, from an irrigation work for irrigation of staple cereal crop generally grown in such area;

Explanation – For the purpose of this clause ‘land within culturable commanded area’ shall not include any land which does not, except under circumstances specified in Section 22, actually get water from an irrigation work.

(5) **Culturable commanded area** – “Culturable commanded area” means all lands under irrigable command of an irrigation work which are fit for cultivation.

(6) **Drainage work** – “Drainage work” includes channels, either natural or artificial, for the discharge of waste or surplus water and all works connected with or auxiliary to such channels and escape channels from an irrigation work, embankments, sluices, groins and all works for the protection of lands from flood or from erosion formed, constructed or maintained by the Sate Government either wholly or in part ;

²[6-a) **“Government water source”** means any water source created naturally or otherwise by collection or deposit of water at a fixed place, any subsoil water or water in a state of running such as rivers, nalas, springs, streams and the like, which is other than an irrigation work and is the property of the Government;]

(7) **Irrigation Officer** – “Irrigation Officer” means an officer appointed under this Act to exercise control or jurisdiction over an irrigation work or any part thereof and includes an Additional Irrigation Officer;

(8) **Irrigation Revenue** – “Irrigation Revenue” includes all sums payable to Government for the use of or right to use of waste-water from an irrigation work ;

2. Inserted vide Orissa Gazette Ext. No. 133/2-2-1994-Notf. No. 1769-Legis./2-2-1994-O.A.No. 3 of 1994

- (9) **Irrigation Work** – “Irrigation work” includes –
- (a) all reservoirs, tanks, anicuts, dams, weirs, canals, barrages, channels, pipes, wells, tube-wells and artesian wells constructed, maintained or controlled wholly or mainly by the State Government or by any Panchayat Samiti, constituted under the Orissa Panchayat Samiti and Zilla Parishad Act, 1959 (Orissa Act 7 of 1960) on behalf of such Government for the supply or storage of water ;
 - (b) all works, embankments, structures, supply and escape channels connected with such reservoirs, tanks, anicuts, dams, weirs, canals, barrages, channels, pipes, wells, tube-wells and artesian wells and all roads constructed for the purpose of facilitating the construction or maintenance of such reservoirs, tanks, anicut, dams, weirs, canals, barrages, channels, pipes, wells, tube-wells and artesian wells ;
 - (c) all water courses and drainage works as herein defined ;
 - (d) all lands occupied by the Government for the purpose of such reservoirs, tanks, anicuts, dams, weirs, canals, barrages, channels, pipes, wells, tube-wells and artesian wells and all buildings, machinery, fences, gates and other structures, occupied by or belonging to the State Government upon such lands;
- (10) **Lands under irrigable command** – “Lands under irrigable command” means such lands as are irrigated or capable of being irrigated by flow from an irrigation work being under its command and shall include also such cultivated lands which receive, in the opinion of the Irrigation Officer or the Collector, by percolation or otherwise from an irrigation work or by indirect flow, percolation or drainage from or through adjoining land, an advantage beneficial to and sufficient for the requirements of the crop ;
- (10-a) **Minor irrigation work** – “Minor irrigation work” means an irrigation work having a culturable command area of not more than two thousands hectares ;
- (11) **Occupier** – “Occupier” includes an occupier of land or property who cultivates or possesses the same for the time being ;
- (12) **Outlet** – “Outlet” includes an opening, constructed by the State Government in an irrigation work through which water is delivered into a water course or directly on to any land ;

- (13) **Owner** – “Owner” includes every person having interest in the ownership of land or property and all rights and obligations which attach to an owner under the provisions of this Act shall attach jointly and severally to every person having such joint interest in the ownership;
- (14) **Prescribed** - “Prescribed” means prescribed by rules made under this Act ;
- (14-a) **Rabi crop** - “Rabi Crop” means any crop notified as such by the State Government and different crops may be notified in respect of different areas ;
- (14-b) **Staple cereal crop** – “Staple cereal crop” means any crop notified as such by the State Government and different crops may be notified in respect of different areas:
- (15) **Vessel** – “Vessel” includes boats, rafts, timber and other floating bodies;
- (16) **Water-cess** – “Water cess” is the amount payable in respect of any land under the irrigable command of certain classes of irrigation works to be notified from time to time for the maintenance and repairs of such works;
- (17) **Water-course** – “Water course” means any channel or pipe not maintained at the cost of the State Government which is supplied with water from an irrigation work and includes all subsidiary work connected with any such channel or pipe, except the sluice or outlet through which water is supplied from an irrigation work to such channel or pipe;
- (18) **Water-rate** – “Water rate” is the amount of revenue payable to Government for the supply of water for any crop, other than staple cereal crop, whether the water is used or not.

Explanation – When water-rate is charged for irrigation, it shall be with reference to a single crop per acre of land.

CASE LAW : (i) Secs, 4, 21 – Orissa Irrigation Rules, 1961 – Rule -1 – Levy of water rate – Validity – Water rate charged for water lifting/used/consumed by petitioner – South Eastern Railways – Plea of petitioner that they are not lifting water from ‘Hirakud Reservoir’ but from Bonum River – Respondent authorities without any basis and without discussing any material negating plea of petitioner – Order revising demand of water rates passed without issuing any notice to petitioner, not proper – Respondent directed to conduct an enquiry after serving due notice upon the petitioner – Railway and determine as to whether the petitioner – railways is lifting water from the ‘Hirakud Reservoir’ or not : 2002 AIHC 3712 (Ori.).

(ii) Sec. 4 (d) – “Irrigation work” – Meaning of,

Held, Irrigation is defined under Sec. 4(d) of the Act as to include all land occupied by the Government for the purpose of reservoir, tanks, etc. and other structures, occupied by or on behalf of the State Government on such land – A reservoir cannot be understood merely to be a means to hold water in a stream – It is only by controlling the flowing stream in an area that water can be stored in a reservoir – Viewed thus, irrigation work would include land used for such purpose : 87 (1999) CLT 108 (SC).

CHAPTER – II

Construction and maintenance of irrigation works

5. **Power to enter and survey, etc.** – (1) Any Irrigation Officer, or any person acting under the general or special Order in writing of an Irrigation Officer, may –
- (a) enter upon any lands adjacent to any irrigation work or water – course, or through which any irrigation work or water-course is to be made, and undertake surveys or levels thereon ;
 - (b) dig and bore into sub-soil ;
 - (c) make and set up suitable land-marks, level-marks, water-gauges and other apparatus ;
 - (d) do all other arts necessary for the proper prosecution of any inquiry relating to any existing or projected irrigation work or watercourse under the charge of the said Irrigation Officer;
 - (e) where otherwise such inquiry cannot be completed, cut down and clear away any part of any standing crop, fence or jungle; and
 - (f) enter upon any land or building for the purpose of inspecting or regulating the use of the water supplied, or of measuring the lands, irrigated thereby or chargeable with irrigation revenue and of doing all things necessary for the proper regulation and management of any irrigation work ;

Provided that if such Irrigation Officer or person proposes to enter into any building or any enclosed court attached to a dwelling house, he shall give the occupier of such building or Court at least twenty-four hours' notice in writing of his intention to do so.

- (2) After entry under this section, the Irrigation Officer shall, before leaving, tender compensation to the owner or occupier of such land for any damage which may have been caused by any proceeding under this section; and, in case of dispute as to the sufficiency of the amount so tendered, he shall refer the matter for decision by the Collector. Such decision shall be final, and no suit shall lie in a Civil Court to have it set aside or modified.
- (3) Whenever the State Government Propose to construct any projected irrigation work they shall, after completion of the survey and enquiry as may be necessary, for the purpose in accordance with the provisions of Sub-section (1), publish in the prescribed manner the description of the said work indicating the situation thereof and the area likely to be benefited or adversely

affected thereby along with any further particulars as may be prescribed and call for objections or suggestions from persons interested to be filed before the prescribed authority within a time to be specified.

Every such objection or suggestion shall be heard and considered by the said authority in the prescribed manner, who shall after the close of the enquiry submit the entire record of the proceedings alongwith his report and recommendations to the State Government for their decision which shall be final:

Provided that nothing in this sub-section shall apply in respect of any minor irrigation work and the procedure to be followed in the construction of any such work shall be as may be prescribed.

Explanation – For the purposes of this sub-section ‘construction of any projected irrigation work’ shall include the extension or improvement of any irrigation work if as a result of such extension or improvement-

- (a) the ayacut of such irrigation work is increased ; or
- (b) such irrigation work is assigned a class higher than that to which is belonged.

6. Power to enter for repairs and to prevent accidents – (1) In case of any accident happening or being apprehended to an irrigation work, any Irrigation Officer or any person acting under his general or special orders in writing in this behalf, may enter upon any lands adjacent to such irrigation work, and may execute all works which may be necessary for the purpose of repairing the damages caused by or preventing such accident.

- (2) In every such case the Irrigation Officer shall tender compensation within one month to the owner or occupier of the said lands for all damages caused thereto by the entry or by any works executed thereon. If such tender is not accepted, the Irrigation Officer shall refer the matter to the Collector who shall thereupon give notice in writing to the person or persons interested in such land and to the Irrigation Officer requiring them to attend before him on a date to be fixed in the notice for the purpose of making enquiry as to the amount of compensation. The Collector shall after making such enquiry as he may deem necessary decide the amount of compensation payable to such person or persons.

7. Power to prohibit obstructions or to order their removal – Whenever it appears to the Sate Government that injury to any land or to the public health or public

convenience has arisen or may arise from the obstruction of any river, spring, stream, irrigation work or drainage work, they may, by notification published in the *Gazettee*, prohibit within limits to be defined in such notification, the formation of any obstruction, or may, within such limits, or the removal or modification of such obstruction.

8. Power to remove obstructions – (1) The Collector, or any Irrigation Officer authorized by the State Government in this behalf, may, after such publication, issue an order to the person causing or having control over any such obstruction to remove or modify it within a time fixed in the order.

(2) If, within the time so fixed, such person does not comply with the order, the Collector or the said Irrigation Officer may remove or modify the obstruction and the expenses incurred in such removal or modification shall be recoverable from the person concerned as arrears of land revenue :

Provided that the Collector or the Irrigation Officer authorized by the State Government may, in cases of emergency, remove the obstruction before publication and the expenses incurred shall be recoverable in the same manner.

9. State Government to provide means of crossing canal – (1) There shall be provided, at the cost of the State Government, suitable means of crossing canals constructed or maintained at the cost of the State Government at such places as the State Government think necessary for the reasonable convenience of the inhabitants of the adjacent lands.

(2) On receiving a statement in writing, signed by not less than five persons who may be owners or occupiers of such lands, to the effect that suitable crossings have not been provided on any canal, the Collector shall cause an enquiry to be made in the matter and if he thinks that the statement requires favourable consideration, he shall report his opinion thereon for the consideration of the State Government, and the State Government shall cause to be taken such measures in reference thereto in the prescribed manner.

10. Power to impress labour in emergency – (1) Whenever it appears to the Irrigation Officer or any officer acting under his general or special orders in this behalf, that, unless some work is immediately executed, such serious damage shall happen or continue to happen to any irrigation work as is likely to cause or continue to cause serious public injury or serious interruption of the normal course of irrigation and that the labour necessary for the proper execution thereof cannot be obtained in the

ordinary manner in time to prevent such injury or interruption or to remedy it within a reasonable time, the Irrigation Officer, or any officer acting under the said orders may, by public proclamation by beat of drum, require every owner and occupier of irrigable land resident in any village within five miles of the place where the work is to be executed, and every agricultural labourer employed by them, to attend in person at such place and to carry out such duties as he may allot to them in connection with the execution of the work necessary for the safety of the particular irrigation work.

- (2) If the Irrigation Officer, or any officer acting under his orders is of opinion that the amount of labour likely to attend in pursuance of an order under Sub-section (1) is not sufficient, he may at any time, in like manner and subject to the same conditions as laid down in Sub-section (1) issue a like order requiring the attendance of all cultivators or of all agricultural labourers or of both resident within five miles of the place where the work is to be executed.
- (3) The rates of wages to be paid for such work shall be at the approved rates of the Works Department for labour or services performed during day time and at double such rates for any labour or services performed during night time, and any person attending in compliance with the proclamation shall be paid for the whole period during which he is thereby prevented from following his ordinary avocation.
- (4) No person shall be required to carry out any duties under this section for which such person is unfitted by reason of age, sex, health or bodily infirmity.

CHAPTER – III

Construction and maintenance of water-courses

11. **Construction of water-courses** – For the purpose of making use of the water of an Irrigation Work the water-courses shall be constructed by the persons to be benefited at their own cost.
12. **Construction, extension, improvement or alteration of a water-course on the application of person interested** – (1) Any owner of land desiring the construction, extension, improvement or alteration of a water-course may apply in writing to the Irrigation Officer, and the said Officer may, after giving such notice and causing such enquiries as may be prescribed either permit the applicant to construct, extend, improve or alter the said water-course or, if the applicant so desires, have it constructed, extended, improved or altered through Government Agency on such terms and conditions to be fixed by the Irrigation Officer as regards payment of costs, mode of execution, time of completion, facilities to be afforded by the applicant to safeguard other interests or to benefit other lands whose owners may apply for the same, and other matters as may be relevant in each case or may reject the application.
 - (2) Any person aggrieved by an order under Sub-section (1) may within thirty days from the date of intimation of the order, appeal to the Collector and his decision thereon shall be final.
 - (3) If it is necessary to acquire any land for the purpose of Sub-section (1) the Collector may on application for the said purpose proceed to acquire the same under the provisions of the Orissa Development of Industries, Irrigation, Agriculture, Capital Construction and Re-settlement of Displaced Persons (Land Acquisition) Act, 1948 (Orissa Act 18 of 1948) or any other law for the acquisition of land for the time being in force.

CASE LAW - Sections 12, 29, 47 – Orissa Irrigation Rules, 1961 – Rules 46,47,54,57 and 59 – Limitation and procedure for appeal, indicated : 1995 (I) OLR (NOC) 45 (Page 22) : 80 (1995) CLT 18.

13. **No alteration of water-course except with the consent of Irrigation Officer** – No water-course constructed, extended, improved or altered under the provisions of Section 12 shall be altered without the consent of the Irrigation Officer.
14. **Obligations of owners of land receiving supply from water-course** – All owners and occupiers of land receiving supply of water from a specified water-course shall be bound –

- (a) to maintain such water-course in a fit state of repair;
- (b) to allow the use of it to any person entitled to the same by reason of an order passed under Section 12 or otherwise;
- (c) to construct and maintain all works necessary for the passage across such water-course of canals, water-courses, drainage, channels and public roads existing at the time of such construction and of the drainage intercepted by it, and for affording proper communications across it for the convenience of the occupants of the neighbouring lands.

15. Enforcement of said obligations – (1) If the owners and occupiers of lands receiving supply of water from a specified water-course fail to fulfill any obligation imposed on them by Clauses (a) and (c) of Section 14, the Irrigation Officer may require them by public notice to execute the necessary work or repair within such period as may be prescribed not being less than five days from the date of the said notice and in case of their default the Irrigation Officer may execute the same on their behalf.

- (2) The expenses incurred by the Irrigation Officer on any work or repair under Sub-section (1) shall be recoverable pro rata on the basis of the acreage of land benefited by the water-course from the defaulters as arrears of land revenue.

16. Settlement of disputes concerning water-courses – Whenever a dispute arises between two or more persons in regard to their mutual rights or liabilities in respect of the use, construction or maintenance of a water-course, of among joint owners of a water-course as to their respective shares of the expenses of constructing or maintaining such water-course or as to the amount severally to be contributed by them towards such expenses or as to failure on the part of any owner to contribute his share, any person interested in the matter of such dispute may apply in writing to the Irrigation Officer stating the matter in dispute.

Such officer shall thereupon proceed to make a summary enquiry into the matter in the manner prescribed and pass orders thereon.

Against the said order of the Irrigation Officer an appeal shall lie to the Collector within thirty days from the date of communication of the said order and the decision of the Collector in appeal shall be final unless set aside by a decree of a Civil Court.

17. Use of land acquired for water-course for other purpose – No land acquired under this Chapter for a water-course shall be used for any other purpose without the previous consent in writing of the Collector.

18. Construction of water-courses by Government and recovery of cost incurred – Notwithstanding the provisions contained in Sections 12 and 13 of this Chapter if the State Government consider it expedient to construct the water-courses pertaining to any irrigation work, that may lay out, construct and maintain at the cost of Government in the first instance, the entire system of water-courses or a substantial section of it, and effect recovery of the cost so incurred from the owners and occupiers of the lands other than the tenants protected under the Orissa Tenants' Relief Act, 1955 (Orissa Act V of 1955) benefited thereby in the form of a general enhancement of the compulsory basic water-rate or water-cess or by the imposition of a special rate per acre in the manner prescribed :

Provided that in consideration of special circumstances the State Government may decide to exempt the said owners and occupiers either wholly or partly from the said payments.

19. Special provision for recovery of past expenses incurred by Government – All expenses incurred by the State Government in connection with the construction and maintenance of water-courses and acquisition of lands therefore before the coming into force of this Act under any irrigation, works including the Hirakud Dam Project shall be recovered from the owners and occupiers of the lands other than the tenants protected under the Orissa Tenants' Relief Act, 1955 (Orissa Act V of 1955) benefited or to be benefited by such water-courses in the form of a general enhancement of the compulsory basic water-rate or by the imposition of a special rate per acre in the manner prescribed under Section 18 :

Provided that in consideration of any special circumstances the State Government may exempt such owners and occupiers either wholly or partly from payment of such water-rate or special rate, as the case may be.

CHAPTER – IV

Supply of Water

20. Water supply to be subject to rules – All supply of water from an irrigation work shall be subject to such rules or orders as may be prescribed or issued by the State Government from time to time with respect to rates, conditions or any other matter.

³**[20-A. Regulation and use of water from Government water sources** – (1) The State Government may, in the public interest regulate the use, diversion, collection or consumption of water from Government water source for industrial and commercial purposes other than agriculture.

(2) On and after commencement of the Orissa Irrigation (Amendment) Act, 1993 no person shall use, divert, collect or consume water from Government water source for any industry or commercial establishment except in accordance with a license granted under this Act.

(3) The licence referred to in Sub-section (1) shall be subject to such terms and conditions, and shall be obtained from such authority, in such manner, and subject to payment of such fees, as may be prescribed.

(4) Notwithstanding anything contained in Sub-section (1) or in any subsisting contract, any person using, diverting, collecting or consuming water from Government water source for any industry or commercial establishment immediately before the commencement of the Orissa Irrigation (Amendment) Act, 1993 may continue to do so and shall be deemed to have been granted a licence under this Act –

- (i) for a period of three months from the date of such commencement; or
- (ii) if an application for the required licence is duly made in the prescribed manner to the appropriate authority within the period specified in Clause (i), till the disposal of such application.

3. Inserted vide Orissa Gazette Ext. No. 133/2-2-1994-Notfn. No. 1769-Legis./2-2-1994-O.A., No. 3 of 1994.

(5) Any person who uses, diverts, collects or consumes water from Government water source in contravention of the provisions of this section, shall on conviction, be punishable with imprisonment for a term which may extend to three months, or with

fine which may extend to twenty-five thousand rupees, or with both and where any such person after being convicted under this sub-section for the offence continues to commit the offence or commits it for the second or any subsequent time he shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to fifty thousand rupees, or with both.

- (6) (a) Where an offence under this act has been committed by a Company, every person who, at the time the offence was committed, was in charge of, and was responsible to, the Company for the conduct of the business of the Company, as well as the Company, shall be deemed to be guilty of the offence and shall be liable to be proceeded against and punished accordingly:

Provided that nothing contained in this sub-section shall render any such person liable to any punishment, if he proves that the offence was committed without his knowledge or that he had exercised all due diligence to prevent the commission of such offence.

(b) Notwithstanding anything contained in Sub-section (1), where an offence under this Act has been committed by a company and it is proved that the offence has been committed with the consent or connivance or, or is attributable to any neglect on the part of, any Director, Manger, Secretary or other Officer of the Company, such Director, Manager, Secretary or other Officer shall also be deemed to be guilty of that offence and shall be liable to be proceeded against and punished accordingly.

- (7) The rules that may be made for the purpose of this section may provide that the State Government may, in any case or class of cases, exempt in part or in full the payment of the required licence fee for any specified period in the interest of industrial and commercial developments in the State.

Explanation – For the purposes of this section –

- (a) “*commercial establishment*” shall have the same meaning as defined in the Orissa Shops and Commercial Establishments Act, 1956;

Provided that no such application shall be necessary for irrigation of the crop or crops for which a compulsory basic water-rate is levied by the State Government under Section 28 ⁴[or for irrigation on any rabi crop].

⁵[(1-a) The supply of water for rabi crops shall be made and regulated in such manner and shall be subject to such conditions as may, be prescribed.]

(2) **Water supply for purposes other than those of irrigation** – If the application be for a supply of water to be used for purposes other than those of irrigation, the officer duly empowered may, subject to the rules to be made under this Act, give permission for water to be taken for such purposes under such special conditions and restriction as to the limitation, control and measurement of the supply as may be imposed in each case and subject to such special rates as may be fixed for the purpose.

CASE LAWS –Section 21 (2) – Supply of water for purposes other than irrigation is also covered by the Statute – Levy water rate of water cess for such supply is also provided – But it is necessary that source from which supply of water is made should be an “irrigation work” as defined under section 4 (9) of the Act : 61 (1986) CLT 209

- 22. Power to stop water supply** - (1) the supply of water to any water-course or to any person who is entitled to such supply shall not be stopped except under such circumstances and subject to such limitations as are specified below, namely :

- (a) whenever and so long as it is necessary to stop such supply for the purpose of executing any work ordered by a competent authority;
- (b) whenever and so long as any water-course by which such supply is received is not maintained in such repair as to prevent the wasteful escape of water therefrom;

4. Inserted vide Orissa Act No. 17 of 1981

5. Inserted vide Orissa Act No. 17 of 1981

- (c) whenever and so long as it is necessary to do so in order to supply in rotation the legitimate demand or other persons entitled to water;
- (d) whenever and so long as it may be necessary to do so in order to prevent the wastage or misuse of water;
- (e) within periods fixed from time to time by an officer duly empowered in this behalf, of which due notice shall be given;
- (f) whenever and so long as it is necessary to stop such supply pending a change in the source thereof by an officer duly empowered in this behalf.

23. Duration of supply – When water is supplied for the irrigation of one or more crops, the permission to use such water shall be deemed to continue only during the period such crop or crops come to maturity.

24. Right to supply of water transferable alongwith property in respect of which supply given – Every right to the supply of water for agricultural purposes to any land or other immovable property shall be attached thereto and shall be presumed to have been so transferred whenever a transfer of such land or other immovable property takes place.

Right to use of water not transferable in other cases without permission of officers duly empowered – No person entitled to the use of any water or land appertaining to any irrigation work, except in the case where an agreement has been executed in the manner prescribed, shall be entitled to use the water of the said irrigation work, for the purpose of selling or sub-letting, or otherwise transferring his right to such use without the permission of an officer duly empowered to grant such permission.

25. No claim against State Government – (1) No claim other than by way of remission of water rates shall lie against the State Government in respect of loss caused by the failure or stoppage of water of an irrigation work by reason of any caused beyond the control of the State government or of any repair, alteration or addition to the irrigation work, or of any measures taken for regulating the proper flow of water therein, or for maintaining the established course of irrigation which is considered necessary.

(2) Claims on account of interruption from other causes – If the Supply of water to any land irrigated from an irrigation work be interrupted otherwise than in the manner specified in the preceding subsection, the Collector may on application allow such remission as may be considered reasonable and his decision in this regard shall be final.

CASE LAW – Sec. 25 – Scope and application of – Civil Court’s jurisdiction – Scope of.

Held, Sub-sec. (1) as apparent from the provisions contained therein, does not purport to bar the jurisdiction of the Civil Court in respect of suit for damages filed on account of any tortious action : 85 (1998) CLT 553 : AIR 1998 Ori. 156.

26. Owner and occupier to afford free passage of water over their lands – (1) For the purpose of irrigation or drainage on lands under the irrigable command of an irrigation work the owners or occupiers of such land shall be bound to afford free passage of water through or over all lands in their possession or under their control without causing unnecessary loss or damage to their lands.

(2) If the owner or occupier refuses to allow free passage for water through or over lands in his possession or control, the Irrigation Officer may take such expeditions steps as he thinks necessary to allow such passage and recover the cost in that behalf, if any, in the manner prescribed.

CHAPTER – V

Levy of water rate and cess

- 27. Classification of irrigation works** – All irrigation works belonging to or constructed by or on behalf of the State Government shall be classified into such number of classes as the State Government may determine having regard to the cost of construction of the work, the duration of supply of water and the amount of water supplied from such works and the compulsory basic water-rate, water-rate or water cess shall be levied in respect of each such class of irrigation work in any district or specified area at such rates as may be fixed by the State Government in the prescribed manner.

Provided that levy of compulsory basic water-rate shall not be made in respect of low lands which are ordinarily liable to be water logged, the particulars whereof shall be, as may be prescribed:

Provided further that such levy with respect to low lands which do not ordinarily require irrigation except in years of drought shall be at such concessional rate as may be prescribed:

Provided also that such levy with respect to area where lift irrigation is allowed to be provided at the expense of the owners and occupiers shall be at such reduced rate as may be prescribed:

Provided further that in respect of lands which are already under irrigation from private sources, the basic water-rate to be levied shall be the difference between the compulsory basic water-rate of the irrigation work which is provided and the estimated rate for the existing source of irrigation.

Explanation – The said estimated rate shall be, as may be determined in the prescribed manner.

CASE LAW (I) Sec. 28 – Fixing of compulsory of the Act, the Irrigation Officer is empowered to fix the compulsory basic water rate for supply of water from a Government source as distinguished from a private source: 87 (1999) CLT 108 (SC).

(ii) Section 28 – Rule 45 of Orissa Irrigation Rules – Assessment of compulsory water-rate in accordance with the principles enumerated under Rule 18 – Whether such rates can be challenged for non-compliance of Rule – 20 Held, no – “Assessment of compulsory basic water-rate” and “rate for supply of water at the request of the land-owner” – Distinction of : 36 (1970) CLT 163.

⁶**[28-A. Re-assessment of water-rate after consolidation of holdings** – (1) After closure of consolidation operations carried on in any area under the Orissa Consolidation of Holdings and Prevention of Fragmentation of Land Act, 1972 (Orissa Act 21 of 1972), the officer empowered in that behalf by the State Government shall re-assess the water-rate or compulsory basic water-rate, as the case may be, in respect of the lands situate in the said area.

(2) In re-assessing the rates as aforesaid, the officer shall, as far as may be, follow the procedure prescribed for fixation of the rates under Section 28.]

⁷**[28-B, Review** – An order passed under Section 28 or Section 28-A may, after giving notice to all persons concerned, be reviewed within the prescribed period by the officer who passed the order or by his successor in office either on his own motion or on an application made by an aggrieved person, on the ground of any clerical mistake or error in the course of proceedings under the said section.]

29.⁸**[Appeal-**(1) Any person aggrieved by any order made under Section 28, Section 28-A or Section 28-B may prefer an appeal in the prescribed manner and within the prescribed period to the Sub-divisional Officer having jurisdiction.

(2) The Sub-divisional Officer having jurisdiction may also on his own motion annul or modify any such order as aforesaid:

Provided that no proceedings under this sub-section shall be initiated after the expiry of the prescribed period and no orders shall be passed thereunder without giving the parties concerned a reasonable opportunity of being heard].

CASE LAW: *Sec. 29 – Appeal against the order of irrigation officer – Remanding the matter to the irrigation officer to consider the question whether the point at which the water was lifted within the reservoir – Irrigation Officer’s power of enquiry – Scope of: 87 (1999) CLT 108 (SC).*

⁷**[29-A. Revision** - Any person aggrieved by an order passed by the Sub-divisional Officer under Sub-section (1) or Sub-section (2) of Section 29 may file an application in the

prescribed manner and within the prescribed period before the Collector for revision of such order.]

- 30. Levy of water cess** – In addition to, or in lieu of the water rates payable under the provisions of this Act, the State Government may, levy a water cess at such rates and in such manner as shall be prescribed by the State Government from time to time :

Provided that no water cess shall be levied in addition to the compulsory basic water-rate.

- 31. Un-authorized use of water** – Water is said to be used in an ‘unauthorized manner’ when it is taken from any irrigation work outlet or water-course in contravention of any of the provisions of this Act or of the rules made thereunder or of any order passed by an Irrigation Officer thereunder and its use gives rise to, or may be expected to give rise to, benefits of any kind.

CASE LAW – Sections 31 and 32 and Rule 47 of Orissa Irrigation Rules, 1961 – Infraction of provisions of the Statute – Absence of materials that it was done deliberately in defiance of law, or dishonestly – Levy of penalty held, would not be attracted – Orders of the R.D.C. directing the petitioners to pay water-rate at special rate, vacated : 61 (1986) CLT 209 : AIR 1970 SC 253 followed.

- 32. Liability of occupiers of lands benefiting from unauthorized use of water** – (1) If water is used in an unauthorised manner and if the person by whose art or neglect such use has occurred cannot be identified, the occupiers of the lands on which such water has flowed, if such lands have received benefit therefrom, shall be liable to the charges made for such use.

- (2) If water supplied through a water-course for a specific purpose be suffered to run to waste, and if, after inquiry by the Irrigation Officer the person through whose act or neglect such water was suffered to run to waste cannot be discovered, the person or persons chargeable in respect of the water supplied for the purpose shall be individually or jointly liable, as the case may be, for the charges made in respect of water so wasted.

All question arising under this section shall be decided by the Irrigation Officer.

- (3) The levy of rates for unauthorised use or for wastages shall not bar a prosecution for any offence connected with such use or wastage.

(4) The decision made by an Irrigation Officer under this section shall subject to any order passed by the Collector on appeal from such decision, if any, shall be final.

(5) Rules may be made under this Act regulating the procedure of Irrigation Officers in imposing liability for, and in assessing irrigation, revenue payable under this section.
