INVITATION FOR EXTENDED EXPRESSION OF INTEREST

Loan 2444-IND/ OFID Loan 8240-IND: Orissa Integrated Irrigated Agriculture and Water Management Investment Program (Tranche I) under ADB assistance.

Provision of consulting services by NGO for Strengthening Pani Panchayats in Sunei Irrigation Subproject under the Orissa Integrated Irrigated Agriculture and Water Management Investment Program (OIIAWMIP).

BACKGROUND

1. Government of Odisha have received a Loan from Asian Development Bank (ADB) through Government of India for the Orissa Integrated Irrigated Agriculture and Water Management Investment Program (OIIAWMIP) as a Multi-tranche Financing Facility (MFF) Loan during 2008-09 for US\$188.2 million, to be implemented in four tranches. The Program (OIIAWMIP) aims at promoting rural economic growth and reducing poverty in the selected river basins/ geographical areas and institutionalizing effective mechanisms to strengthen and put into operation Participatory Irrigation Management; PIM-based agricultural growth. The program's success will be achieved through; Institutional strengthening; participatory subproject planning and implementation which focus on extension, rehabilitation and modernization (ERM) of irrigation systems, including Command Area Development (CAD), strengthening of Pani Panchayats (PPs), efficient operation and maintenance (O&M) of systems at the levels of individual PP and their higher-tier committees, and enhanced agriculture production and income, where PPs are developed as cohesive platforms that can establish linkages for input delivery, technical support, and product marketing. The Executing Agency is the Department of Water Resources. This Expression of Interest (EOI) is for Sunei Irrigation Subproject under OIIAWMIP to be implemented as one of four subprojects in the first tranche. Sunei includes 20 PPs having about 9400 ha. net irrigated area (NIA). The implementation period is initially for a period of one year from the date of award of the work but it may be extended for another 8 months to 12 months basing on satisfactory performance and requirement of the sub project.

2. At the subproject level, OIIAWMIP is implemented through a Subproject Implementation Office (SIO). The selected NGO will work with the Sunei SIO and deploy: (i) a Support Services Team (SST) and (ii) Community Organizers (COs) for implementation of PP strengthening activities. The NGO will provide 6 Experts comprising of two PIM Specialists (one of them with additional charge as Co-ordinator of the SST), two Agricultural Extension Specialist (one with agri-business and marketing expertise), and two CAD & Water Management Specialist to act as SST members. The NGO will also provide Community Organizers for direct PP support (for Sunei 14 COs). The NGO will develop sustainable PPs to: (i) ensure ERM benefits; (ii) improve irrigation system O&M; and (iii) ensure the delivery of agricultural support services by facilitating improved cropping practices and post-harvest operations, such as marketing and value addition. It is expected

that the NGO would not only provide staffs, but have to bring added expertise, knowledge, and skills from previously performed works.

3. At the Sunei Subproject the Pani Panchayat strengthening work was continuing engaging one NGO from 16. 11. 2009 to 15. 11. 2010. After their withdrawal from site, doing a part of job assignment, it is now continuing through one Service Provider which has to continue till 31. 03. 2011.

4. National NGOs may form Consortium in association with other state level partners (NGOs and/ or service organizations, such as national universities) to fulfil the requisite organisational experience to support field teams. The NGO is required to work with the Sunei SIO and deploy personnel as indicated in Table 1 below.

Table – 1: Staffing Details
Sunei Subproject

Description	Number of Staff
PPs to be strengthened	20 (Twenty)
SST PIM Specialists (one of them as SST Co-ordinator)	2 (Two)
SST- Agrl. Specialist (one with agri-business & marketing expertise)	2 (Two)
SST- CAD and Water Mgt. Specialist	2 (Two)
Community Organizers	14 (Fourteen)

SCOPE OF SERVICES

5. The objective of the NGO inputs is to facilitate formation, mobilization and institutional strengthening of the PPs in Sunei Irrigation Subproject by:

- ✓ Planning, implementing and monitoring rehabilitation and O&M of minor and sub-minor canals of the Sunei Irrigation Subproject;
- ✓ Planning, implementing and monitoring construction, and O&M of CAD works, including improved farm water management, equitable water distribution; and
- ✓ Planning, implementing and monitoring of agriculture, associated post-harvest operations (such as marketing and processing) and livelihood development.

EXPECTED OUTPUTS

6. The NGO will provide above mentioned experts to the Sunei SIO and be responsible for providing support and training to the experts and COs that it fields. Sunei SST is partially in place. The NGO may wish to engage existing SST and COs members on a non exclusive basis to carry on activities. The Specialists will form a multi-disciplinary team or Support Services Team (SST). The expected outputs from the SST are:

- ✓ Effective mobilization of all PP members to participate in the activities of the PP;
- ✓ Effective participation of the PPs in planning, implementation and monitoring of subprojects;

- ✓ Functional PPs that are able to: a) manage and execute O&M of PP command (minor/ sub- minor canals) of irrigation systems, b) manage irrigation water effectively, and c) plan and support agricultural production;
- ✓ Farmers that are capable of managing water and agricultural production to obtain high yields, able to produce rabi and diversified crops;
- ✓ Increase incomes and living standards of PP members; and
- ✓ Increase participation of women and economically vulnerable sections of the community.
