Terms of Reference (ToR) for Social Development Specialist for PPU ***Orissa Water Sector Improvement Project (OWSIP)***

According to the institutional arrangement agreed for the Project Preparation Unit (PPU) under Orissa Water Sector Improvement Project (OWSIP), there will be one Social Development Specialist, who will be responsible for the over all planning, implementing, and monitoring of the management plans of social issues associated with the proposed project interventions. The Social Development Specialist will be based in the PPU and will report directly to the head of the Project Preparation Unit (PPU). This Terms of Reference (ToR) for the Social Development Specialist at the PPU level gives the job description, reporting and the professional requirements and experience.

Job Description: Specific responsibilities of the Social Development Specialist at the PPU level will include the following:

- Ensure that social issues and social management activities are mainstreamed into the design and plan at the subproject level. In conjunction with the PPU, Social Development Specialist, he/she would conduct the social and environmental appraisal for the work plan of each sub-project and for providing the final social/environmental clearance to the work-plans.
- Undertake field visits to the selected sub-projects to assess, how social issues related to OWSIP activities are addressed at the subproject level.
- As part of the field visits, hold discussions with the PPs, NGOs, Department of Water Resources (DoWR) project Staff, Supervision Consultants and contractors and guide them in addressing social issues with particular reference to resettlement and rehabilitation, tribal and gender development.
- Assess the completeness and appropriateness of the Social Management Plans / Resettlement Action Plans (RAPs) based on the field visit observations.
- Determine compliance of the safeguard management plans prepared at the sub-project level with the agreed the Social and Environmental Management Framework including policy frameworks and strategies on resettlement, tribal and gender development, etc.
- Interact and coordinate within DoWR and other related departments/agencies particularly those dealing with development schemes for rural families, tribal and women to ensure dovetailing their programs for the benefit of these vulnerable sections.
- Develop monitoring formats to be used by the Social Development Specialists, NGOs and PPs at the subproject level.

- Ensure that participatory monitoring is carried out by NGOs and PPs and that the lessons learnt are reflected in activities of the subsequent irrigation schemes covered under the project.
- Review the monitoring reports prepared by the Social and Environmental Auditor, Project level external M&E Agency and the Supervision Consultants on the preparation and implementation of social plans (RAP, Tribal Development Plan, Gender Action Plan, etc.). Based on these reviews (i) identify deviations, if any, in implementing social measures, (ii) identify positive measures taken at the sub-project level, (iii) suggest improvement in the social management plans and implementation at the sub-project level and (iv) disseminate good practices to the project functionaries.
- Prepare 'case studies' based on the reviews of monitoring reports and sample survey of the selected sub-projects and document procedures adopted, problems faced and good practices in planning and implementing social management plans.
- In order to review the actions taken by the project field officers, organize periodic meetings NGOs and others concerned.
- Prepare and implement, as an on-going activity, plan for training and capacity building of the project functionaries to address social issues associated with the project.
- Have regular interactions with the Social Development Specialist of the World Bank on social and environmental management activities of the project.
- Any other responsibility assigned by the head of the Project Preparation Unit (PPU) i.e. Additional Secretary to Govt., DoWR.

Reporting: The Social Development Specialist will be based in the PPU at OWSIP cell, located in the office of Engineer-in-Chief, WR, Bhubaneswar and will be reporting directly to the head of the Project Preparation Unit (PPU) i.e. Additional Secretary to Govt., DoWR, and is responsible for social management activities of OWSIP.

Qualification and Experience: Post Graduate in Sociology / Social Science / Anthropology / Community Development with suitable experience in community development, participatory irrigation management, community mobilization, gender and rural development. The candidate should be conversant with the Participatory Rural Appraisal techniques and other participatory approaches with aptitude for participative monitoring and evaluation in water resources sector and irrigation sub-sector. The candidate should be well versed with the socio-economic conditions of the project area and be well conversant with the local language.

Salary: Negotiable
